INTRODUCTION

This guide teaches a user how to remove the back cover of the LG CU515 SKU 64743 device. The steps outlined here should be fairly simple to follow. This guide is the first step in beginning to take apart the device.

Step 1 — Back Cover

- Locate the raised tab at the top of the back cover.
- Holding the phone in one hand and using your thumb on your other hand, push down on the tab until the cover detaches from the phone.
- Slide the cover down until it is completely removed from the phone.

To reassemble your device, follow these instructions in reverse order.
